

## Southern Sociological Society – Charles S. Johnson Award Nomination Procedure

Any member of the SSS may submit a nomination but self-nominations are not accepted. The primary nominator should submit a package including several letters endorsing the nomination (the majority of them from current SSS members), the nominee's curriculum vitae, particular publications and/or other supporting documentation. Nominations must be submitted by December 1 in even numbered years; email nominations, including electronic versions of supplementary materials, are preferred. The award will be given in odd numbered years.
