

Assistant Professor – Quantitative Methodologist
Department of Quantitative Theory and Methods
Emory University
Atlanta, GA

The Department of Quantitative Theory and Methods (QTM) at Emory University anticipates hiring three quantitative social scientists with expertise in statistics, data science, mathematical modeling, and/or analytical theory. The positions are tenure-track at the level of Assistant Professor or, for the extraordinary file, tenured at the Associate Professor level. Teaching load is competitive.

QTM is a new and rapidly growing interdisciplinary department at Emory designed to connect faculty communities involved in quantitative research across the college and university. The successful candidate must demonstrate excellence or the promise of excellence in both research and teaching, as well as an interest in contributing to and participating in QTM's intellectual mission. The candidate should have completed the Ph.D. by September 2020.

A complete application will consist of a cover letter, a research statement, curriculum vitae, graduate transcript, teaching portfolio, writing sample, and three letters of recommendation. Please submit (along with other materials) a brief statement that reflects upon your experience and vision regarding the teaching and mentorship of students from diverse backgrounds. **Application review will begin on September 3, 2019.** Applications received up to 30 days after review begins will receive full consideration. To apply for this position, please visit <https://apply.interfolio.com/66128> and submit your materials free of charge through Interfolio.

Emory University is an Equal Opportunity/Affirmative Action/Disability/Veteran employer. The Department of Quantitative Theory and Methods, Emory College, and Emory University are all strongly committed to recruiting female and minority candidates. Women, minorities, persons with disabilities and veterans are encouraged to apply.
